TU PONES LAS REGLAS, LAS GANAS, LOS LÍMITES.

PERO ES EN LA BÚSQEDA DE ESOS LÍMITES DONDE ENCONTRARAS LA DIVERSION, Y CUANDO TE DIVIERTAS SERÁ CUANDO PUEDES JUGAR EN LOS LÍMITES.

DIVIÉRTETE BUSCANDO TUS LÍMITES QUE NOSOTROS TE PROTEGEMOS CUANDO LOS REBASES.

YOU SET THE RULES, THE AMBITION, THE LIMITS.

BUT IT IS IN THE PURSUIT OF THOSE LIMITS WHERE YOU WILL FIND THE FUN, AND WHEN YOU HAVE FUN IT WILL BE WHEN YOU CAN PLAY IN THE LIMITS.

HAVE FUN LOOKING FOR YOUR LIMITS THAT WE PROTECT YOU WHEN YOU EXCEED THEM.

HELMETS

NEW COLLECTION

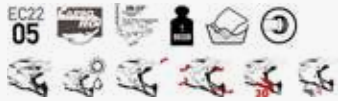

LOS CASCOS ESTÁN DESARROLLADOS A PARTIR DE MATERIALES LIGEROS Y RESISTENTES DE ALTA CALIDAD QUE PERMITEN UN USO INTENSO Y CÓMODO.

HELMETS ARE DEVELOPED FROM HIGH QUALITY LIGHTWEIGHT AND RESISTANT MATERIALS THAT ALLOW AN INTENSE AND COMFORTABLE USE.

HMX-FO1

CARBON

HC0551
GLOSSY FINISH

XS > XXL

El modelo de casco **Carbon** ha sido desarrollado utilizando materiales de alta calidad. La calota exterior está fabricada en fibra de carbono, un producto muy ligero y resistente que facilita el uso del casco de forma intensiva. El interior cuenta con un tratamiento anti olores Silver Plus y un tratamiento para facilitar el secado rápido, ya que tanto el interior como las mejilleras son desmontables y lavables. Además, la visera está fabricada en PA66, una poliamida resistente a los impactos, y los tornillos son de acero inoxidable. Para permitir el correcto flujo de aire, dispone de dos aireaciones frontales y laterales, junto a dos salidas traseras.

*The **Carbon** model helmet was developed using high quality materials. The shell is made of carbon fiber, a very light and durable product that facilitates intensive use of the helmet. The liner features Silver Plus anti-odor treatment and a treatment to facilitate quick drying, as both the liner and the cheek pads are removable and washable. The visor is made of PA66, an impact-resistant polyamide, and the screws are made of stainless steel. To ensure proper airflow, it has two front and side vents, together with two rear exhaust vents.*

HMX-FO1 DUAL COMPOUND

XS > XXL

Los modelos de cascos **Dual Compound** cuentan con un diseño que los convierte en uno de los modelos más seguros y completos del mercado. Su calota es de fibra de vidrio con refuerzo de carbono: muy resistente a pesar de contar con un peso neto de tan solo 1,2 kg, que los hace muy cómodos de llevar. Además, sus viseras son irrompibles están fabricadas en PA66, un material de gran dureza. Tanto sus viseras como sus interiores son completamente desmontables y lavables, para una mayor higiene. De hecho, sus interiores cuentan con un tratamiento de secado rápido y anti olores, además de estar perfectamente ventilados.

*The **Dual Compound** helmet models have a design that makes them one of the safest and most complete models on the market. The shell is made of fiberglass with carbon reinforcement: very resistant despite having only a net weight of only 1.2 kg, which makes them very comfortable to wear. The unbreakable visor is made of PA66 (a very durable material). Both the visors and the liners are completely removable and washable, for greater hygiene. In fact, their liners has a quick-drying and anti-odor treatment, in addition to being perfectly ventilated.*

El casco **HTR-P00 Mono** de HEBO ha sido desarrollado con materiales de gran calidad que proporcionan una gran relación entre ligereza y resistencia. La calota es de **termoplástico ABS** y cuenta con dos medidas diferentes. El interior está fabricado en EPS de doble densidad. El interior puede desmontarse para el lavado, y la visera puede regularse. El casco incluye una salida de aire en la parte trasera que permite mantener un flujo correcto en todo momento. Para mejorar la audición, adicionalmente incorpora cuatro orificios en los laterales. Para proporcionar una mayor seguridad en el ajuste, el **cierre del casco es micrométrico**.

The HEBO HTR-P00 Mono helmet was designed with high quality materials that provide a great ratio between lightness and durability. The shell is made of ABS thermoplastic and comes in two sizes.

The liner is made of dual-density EPS. The liner can be removed for washing, and the visor can be adjusted. The helmet includes an air vent on the back to maintain proper air flow at all times. To improve hearing, it features four holes on the sides. To provide a more secure fit, the helmet has a micrometric buckle.

FLIP UP ABS

XS > XXL

Los modelos de casco ABS se caracterizan por tener dos medidas en la calota y, además, con cierre doble, elemento que refuerza la seguridad del motorista. Se caracterizan también por ser un tipo de casco sencillo y ligero ya que la pantalla, por ejemplo, se puede desmontar en un tiempo mínimo y sin herramientas. El interior también se puede desmontar y es totalmente lavable. Comprando estos cascos, se incluye una bolsa de transporte. No obstante, el peso del mismo hace que sean fáciles de llevar a cualquier sitio. No está de más resaltar que cuentan con todas las certificaciones oficiales, es decir, están homologados.

The ABS helmet models come in two shell sizes and features double fasteners, reinforcing the safety of the motorcyclist. They are also characterized by being a simple and lightweight type of helmets, since the screen, for example, can be quickly removed and without tools. Their liner are also removable and fully washable. A convenient helmet bag is included with the purchase. However, are so light and easy to carry anywhere. It is worth noting that these helmets are ECE 22-05 approved.

XS > XXL

Esta camiseta técnica de gran resistencia es especial para practicar enduro y MX, ya que se sitúa como la opción perfecta para realizar estos deportes de la forma más cómoda posible. Además, gracias a su **tejido Super Fresh** conseguirás la transpirabilidad que necesitas para sentirte seco mientras dure el ejercicio. Sus acabados atractivos y originales todavía destacan más debido al **logotipo antideslizante** que lleva en la espalda. Para su estampación se ha utilizado una **tecnología de sublimación** que hace el efecto de estar pintado en el propio tejido. En este nuevo modelo el **patrón es más ajustado** y te quedará más estilizado.

This technical t-shirt of great resistance is special to practice enduro and MX, since it is the perfect option to perform these sports in the most comfortable way possible. In addition, thanks to its Super Fresh fabric you will get the breathability you need to feel dry while exercising. Its attractive and original finishes still stand out due to the anti-slip logo on the back. For its printing a sublimation technology has been used that makes the effect of being painted on the fabric itself. In this new model the pattern is more adjusted and you will be more stylized.

PANTS

PES NY 

XS > XXL

Pantalón perfecto para conseguir el máximo **agarre** a la motocicleta. Los laterales están fabricados en poliéster bi-elástico para aumentar su comodidad. Los paneles internos de los muslos de goma EVA evitan rozaduras y absorben los posibles impactos. Las rodillas están reforzadas con piel de becerro, apta para soportar la temperatura del motor, y con **TPR** en su almohadilla. Su expansión elástica garantiza la libertad de movimientos. Su excelente ventilación va de la mano del **triple pespunte** en las zonas de mayor desgaste. Los bajos son estrechos y están fabricados en rejilla. El fuelle en la zona posterior aumenta su adaptabilidad.

These are the perfect pants for maximum grip on the motorcycle. The sides are made of bi-elastic polyester for increased comfort. EVA inner thigh panels prevent chafing and absorb potential impacts. The knees are reinforced with calfskin, suitable to withstand the temperature of the motor, with TPR padding. The elastic expansion guarantees freedom of movement. An excellent ventilation goes hand in hand with the triple stitching in the areas of greatest wear. The underbody is narrow and made of mesh. The gusset in the rear area increases adaptability.

Estas camisetas de alta resistencia te permitirán practicar tu deporte favorito de dos ruedas con total comodidad, gracias al innovador tejido tecnológico con el que están fabricadas. Llevan **cuellos y puños de lycra** y tienen un corte recto que, además, en este nuevo modelo, incluyen un **patrón más ajustado** para estilizar tu figura. Sus tejidos **Super Fresh** te ofrecen una prenda transpirable para que estés seco en todo momento y su logotipo antideslizante en la espalda, estampado con sublimación, es decir, como si estuviera pintado con un spray, le dará un toque original a tu estilo personal cuando practiques enduro o MX.

These high-strength shirts will allow you to practice your favorite sport with two wheels in total comfort, thanks to the innovative technological fabric with which they are made. They have lycra necks and cuffs and have a straight cut that, in addition, in this new model, include a more adjusted pattern to stylize your figure. Its Super Fresh fabrics offer a breathable garment to make you dry at all times and its non-slip logo on the back, printed with sublimation, that is, as if it were painted with a spray, will give an original touch to your personal style when you practice enduro or MX.

Fabricados en **poliéster HD600D**, en los laterales llevan material bi-elástico para garantizar su adaptabilidad. La parte posterior es de **Cordura 900 D**. El forro interior de rejilla garantiza su transpirabilidad. Los paneles internos de los muslos son de goma EVA para absorber los impactos. Los ajustes de su cintura son dobles para evitar desplazamientos durante la marcha. La zona de las rodillas están reforzadas con **TPR** en sus almohadillas. Sus bajos son de rejilla y algo más estrechos para que no se enganchen en las botas. El triple respunte de las zonas de mayor uso confirma su resistencia y durabilidad.

Made of HD600D polyester, on the sides have bi-elastic material to ensure their adaptability. The back is made of Cordura 900 D. The mesh inner lining guarantees breathability. The inner thigh panels are made of EVA rubber to absorb impacts. Your waist settings are double to avoid displacements while riding. The area of the knees are reinforced with TPR on their pads. Its busses are grided and somewhat narrower so that they do not get caught in the boots. The triple backstitching of the most used areas confirms their strength and durability.

4 > 12

La camiseta Pro Junior de HEBO ha sido diseñada para ser usada por los más pequeños. Se ha utilizado un patrón de medidas más reducidas para facilitar el ajuste, y está construida en poliéster de calidad, un tejido transpirable y que permite un secado rápido. Para ofrecer una mayor comodidad, se ha incorporado un tejido micro elástico en los puños, y se ha utilizado lycra para el cuello de la camiseta. Los estampados de este modelo se han realizado con tecnología de sublimación, que ayuda a mantener los colores de los gráficos intactos, incluso en las situaciones de lavado más extremas.

The HEBO Junior Pro jersey was designed to be worn by children. A smaller size pattern was used to facilitate the fit, and it is constructed in quality polyester, a breathable and quick-drying fabric. For added comfort, a micro stretch fabric has been added into the cuffs, and Lycra has been used for the collar of the jersey. The prints on this model are made with sublimation technology, which helps to keep the colors of the graphics intact, even in the most extreme washing cycles.

PANTS

4 > 12

El pantalón Pro Junior de HEBO está fabricado en poliéster para aportar la elasticidad y libertad de movimientos que necesitan los más jóvenes a la hora de practicar su deporte favorito de trial. Su diseño no incluye ni cremalleras ni cierres a la altura de la cintura para proporcionar la máxima comodidad y evitar roces innecesarios. Además, el tejido está fabricado con la más alta calidad y pensado para proteger de caídas accidentadas. Por ello, incluye unas protecciones internas de las rodillas con acolchamiento de calidad y totalmente homologadas. Su atractivo diseño permite hacer deporte con seguridad pero sin perder elegancia.

The HEBO Junior Pro pants are made of polyester to provide the elasticity and freedom of movement needed by the youngest riders when practicing their favorite trial sport. Their design includes no zippers or fasteners at the waist to provide maximum comfort and prevent unnecessary chafing. The fabric is also manufactured to the highest quality and designed to protect from accidental falls. For this reason, they include internal knee pads with quality and fully approved padding. Their attractive design allows you to do sport safely while looking good.

La **chaqueta JKT Montesa Wind Pro** de HEBO está fabricada en tejido Teseo Dry Storm de alta calidad y muy ligero. Es **totalmente impermeable** y consigue soportar una columna de agua de hasta 10.000 mm. También evita que el frío producido por el aire penetre en el interior. Además, cuenta con protección UV y facilita la transpiración. Está dotada con dos bolsillos laterales que permiten almacenar la documentación y el teléfono móvil. **La cintura es ajustable** y sus cremalleras son de YKK.

The HEBO Montesa Pro Wind jacket is made of high quality and lightweight Teseo Dry Storm fabric. It is totally waterproof and can withstand a rainfall of up to 10,000 mm. It also keeps out cold air. It features UV protection and airs out perspiration easily. It's equipped with two side pockets that allow you to store your documents and cell phone. The waist is adjustable, and its zippers are YKK.

HE4150
RED / BLACK JACKET

La chaqueta Sentinel de HEBO está fabricada en poliamida de alta calidad. Es multifuncional, y cuenta con un tejido cortavientos en los paneles frontales. En las mangas también dispone de tejido térmico cortavientos y otro de tipo **elástico transpirable** para mantener la piel seca en todo momento.

Además, las mangas pueden desmontarse, y tiene ventilaciones traseras y delanteras que permiten mantener el correcto flujo del aire, evitando que se acumule la humedad del cuerpo en el interior de la chaqueta. Para facilitar el almacenaje, en los laterales hay **dos bolsillos con cremallera** que permiten transportar fácilmente el teléfono móvil o la documentación.

*The Hebo Sentinel jacket is made of high quality polyamide. It is multifunctional and features a windproof fabric on the front panels. The sleeves also have windproof thermal fabric and other **breathable stretch fabric** to keep the skin dry at all times.*

*The sleeves may also be removed, and it has rear and front vents that allow the correct air flow to be maintained, preventing sweat from accumulating inside the jacket. For convenient storage, there are **two pockets with zippers** on the sides for easy transport of a cell phone or documents.*

CROSS OVER

JACKET

HE4145
BLACK JACKET

La chaqueta **CROSS-OVER II** está compuesta de tejido poliéster de alta densidad, material que permite que esta prenda sea más duradera y resistente. Por ello, es perfecta para combatir el frío intenso, así como las inclemencias meteorológicas. Destaca por contener el logo de la empresa en serigrafía.

Es la más apta para los amantes de la conducción en moto de largas jornadas, ya que dispone de un bolsillo trasero de grandes dimensiones (móvil, documentos, objetos de valor, etc.). Además, es totalmente óptima para las zonas donde hay mucho viento, ya que actúa como cortaviento, elemento que refuerza la seguridad del conductor.

*The **CROSS-OVER II** jacket is made of high-density polyester fabric, a material that makes this garment more durable and resistant. That's why it's perfect for fighting the intense cold, as well as adverse weather conditions. One feature that stands out is the brand's logo in silk-screen printing.*

It is the most suitable for long-day motorcycle riding enthusiasts, as it has a large rear pocket (perfect for storing cell phone, documents, valuables, etc.). It's also perfect for places that are very windy, as it acts as a windbreaker, a feature that reinforces the rider's safety.

WIND PRO JACKET

PES 

XS > XXL

HE4149
BLACK JACKET

La chaqueta JK Hebo Wind Pro está especialmente diseñada para los **amantes de la conducción**. Por eso, es totalmente resistente al frío y a la lluvia. Además, su carácter elástico permite que sea una prenda completamente ajustable a cualquier usuario.

El diseño de la chaqueta se ha realizado pensando también en su peso; por lo tanto, se caracteriza por ser una prenda **ultraligera**. Otro detalle que también llama la atención de esta chaqueta son los **bolsillos laterales** con cremalleras. Esta cualidad la hace una chaqueta más completa aún si cabe. Además, dispone de una cintura totalmente ajustable. La prenda proporciona el calor que se necesita.

The Hebo Pro Wind jacket is specially designed for riding enthusiasts. That's why it is totally resistant to cold and rain. Also as it's so elastic, it is fully adjustable for any user.

*The jacket was also designed with its weight in mind; and so it is characterized by being an **ultralight** garment. Another detail that also draws attention to this jacket are the **side pockets** with zippers. This feature makes it an even better fitting jacket. It also has a fully adjustable waistband. The garment is sure to provide the warmth needed.*

WIND PRO

VEST

PES 

XS > XXL

HE4352

BLACK VEST

El CHALECO WIND PRO HEBO se caracteriza por ser un elemento de multiactividad, es decir, lo pueden llevar tanto los usuarios de moto como de bici. Es muy elástico y ligero, ya que está fabricado con poliéster (100%). Su ventaja principal es que actúa de cortaviento, de ahí que sea ampliamente utilizado por **motociclistas y ciclistas** y, además, actúa como un elemento de seguridad de suma importancia.

Además, los laterales del chaleco también son totalmente **elásticos**, cualidad que permite que sea una prenda totalmente ajustable para cualquier usuario que decida comprarla. Por otro lado, es totalmente combinable con cualquier pantalón y camiseta.

*The HEBO PRO WIND VEST is characterized by being a multi-activity element, i.e. it can be worn by both motorcycle and bike riders. It has lots of elasticity and is lightweight as it is made from polyester (100%). Its best feature is that it acts as a windbreaker, which is why it is widely used by **motorcyclists and cyclists** and this is also an extremely important safety feature.*

The sides of the vest are also fully elastic, a quality that allows it to be a fully adjustable garment for any user who decides to buy it. Another advantage is, it can easily match with any pair of pants or jersey.

TRANS-RALLY JACKET

BLACK - XS > XXL
GREY - XS > 4XL

HE4737
JACKET

La chaqueta **Trans Rally** de **HEBO** ha sido fabricada en poliéster de triple capa, y cuenta con inserciones de nailon de alta resistencia en hombros y codos. Este modelo puede utilizarse durante las cuatro estaciones, ya que dispone de un **forro térmico desmontable**, y tanto el panel delantero como el trasero también pueden retirarse durante el verano.

Durante los meses invernales, la membrana impermeable desmontable permite viajar de forma cómoda y evita que entre agua en el interior. Para mantener la correcta transpiración, tiene **ventilaciones** tanto en los brazos como en el pecho y en la espalda. Además, también incluye inserciones reflectantes.

*The **HEBO Trans Rally** jacket is made of triple-layer polyester and features high-strength nylon inserts on shoulders and elbows. This model can be used during all four seasons, as it has a **removable thermal lining**, and both the front and back panels may also be removed during the summer.*

*During the winter months, the removable waterproof membrane allows for comfortable travel and prevents water from getting inside. To maintain the correct perspiration, it has **vents** on the arms as well as on the chest and back. It also includes reflective inserts.*
